Agile Business Analyst SAP PP

Description

Empowering our Clients with People-Driven Digital Innovation Across Europe

We are a Group managing digital IT services and solutions, driven by people, innovation, agility, and deep industry insight. We are working with the largest private and public institutions to deliver IT services and solutions.

Being an entrepreneurial digital services group with a Human-Sized Tech Company, we are built by passionate experts and led by seasoned leaders in IT and digital transformation.

Context: As part of the Finance transformation project, we are looking for a service technical functional SAP PP S/4 HANA to ensure consultancy on the consistency of end to end integration of the solution.

Responsibilities

- Assist business workshops during the design of the future Core Design to ensure end-to-end integration of the S/4Hana Finance solution
- Assist in changing the PP configuration according to the business workshops
- Manage the relationship with stakeholders and development teams
- Drafting of detailed specification files (in English)
- Coordinate legacy integration systems
- MVP(Minimum Viable Product) startup support
- Participate in the integration, testing and migration strategy
- Enlightens with digital experience the solutions imagined by Product Owner (best practices, consistency with market standards...)
- Gives advice on possible improvements in product backlog
- Supports Product Owner in Product Backlog prioritization
- Proposes prioritization adjustment based on the perceived value
- Participates in lifecycle of Product Backlog
- Ensures that the Product Backlog is visible, transparent, and clear to all
- Details each selected feature in the form of a User Story small enough to be implemented within one sprint, including acceptance criteria necessary for the team to understand and develop the user story
- Understands and prioritize Technical Stories suggested by the team as well as Defect Stories
- Clarify any User Story upon request from the Development Team during a Sprint
- Participates and contribute to Agile events with the Team
