Axway Application Manager

Description

Empowering our Clients with People-Driven Digital Innovation Across Europe

We are a Group managing digital IT services and solutions, driven by people, innovation, agility, and deep industry insight. We are working with the largest private and public institutions to deliver IT services and solutions.

Being an entrepreneurial digital services group with a Human-Sized Tech Company, we are built by passionate experts and led by seasoned leaders in IT and digital transformation.

Project description:

The client uses Axway MFT as a SaaS solution for the secure, reliable, and automated exchange of large amounts of data between systems, partners, and cloud environments. The focus is on application expertise, configuration, and interface management.

Framework:

Project start: October – November 2025

Duration: 6 months

Workload: 3–5 days per week

Location: 100% remote

Language: English (must have), German (nice to have)

Qualifications

1. Administration & configuration of Axway MFT (SaaS)
2. User and role management
3. Partner/endpoint configuration
4. File and transfer workflows (routing, scheduling, automation)
5. API connection (REST)
6. Monitoring & alerts (Axway Sentinel, transfer logs, error handling)
7. Security & compliance (encryption, certificate management, audit trails, optionally GxP)
8. Incident & problem management
9. Integration with enterprise systems (CDW, ERP, LIMS, data lake, cloud storage)
10. Basic scripting skills (PowerShell, Python)
11. Change & release management

Additionally advantageous:

Experience in validation/qualification (Documentation, URS/FS/DS, IQ/OQ/PQ)

Audit Readiness
