Big Data Java Software Engineer

Description

Empowering our Clients with People-Driven Digital Innovation Across Europe

We are a Group managing digital IT services and solutions, driven by people, innovation, agility, and deep industry insight. We are working with the largest private and public institutions to deliver IT services and solutions.

Being an entrepreneurial digital services group with a Human-Sized Tech Company, we are built by passionate experts and led by seasoned leaders in IT and digital transformation.

Responsibilities

- o Design and develop new features front to back as part of an agile/scrum team;
- o Ensure the delivery of high-quality and scalable solutions using modern development practices such as clean code, automated testing, monitoring, alerting and secure by design;
- o Provide L3 support on application in production environment, when needed;
- o Drive innovation and contribute with new ideas for the existing architecture, services and processes;
- o Maintain and improve the continuous integration and delivery environments;
- o Maintain a close relationship with the international team and ensure the delivery of high quality features.

Qualifications

- o Solid hands-on expertise with Java 11+, spring boot, GIT, maven, junit, cucumber;
- o Strong experience with microservices, kubernetes, JPA, OpenAPI, Kafka, RDBMS or NoSql;
- o Working experience with big data technologies like HDInsight, Sqoop, HDFS, Spark, Hive, Flume;
- o Strong understanding of software craftsmanship practices and system design: OOP, SOLID, design, CICD, TDD, BDD, cloud patterns, lambda architecture, datalake;
- o ELK reactive extensions, JS/TS, Angular or React, Azure IaaS/PaaS would be a plus;
- o You have a Bachelor degree in Computer Science or equivalent;
- o Good command of English, both written and spoken with the ability to participate in English-only meetings

Job Benefits

We offer

- o Competitive salary and the opportunity to have a meaningful job where you can make a difference
- o The chance to continuously evolve as a professional
- o Medical insurance & Meal tickets. Variety of training opportunities
