SAP S/4HANA Tax Consultant (1 year mission)

Description

Context: We are looking for an experienced SAP S/4HANA Tax Consultant to support tax compliance and localization activities for SAP implementations in Romania. The consultant will be **responsible for designing, configuring, and implementing SAP tax solutions in line with Romanian and international tax legislation**. The role will involve close cooperation with Finance, SD, MM, and technical teams, as well as supporting statutory and digital reporting requirements such as e-Factura, SAF-T, and VIES. A strong understanding of government portal integrations, tax reporting, and Romanian tax localization is essential for this position.

Project & Delivery Profile: The ideal candidate should be comfortable working across the full SAP project lifecycle, from requirements gathering and solution design through configuration, integration, testing, deployment, and post-go-live support.

Location & Working Model: The consultant should be available to work onsite (county: Mehedinti) according to the project requirements.

Responsibilities

Main responsibilities:

- SAP Tax Implementation & Configuration
- Participate in SAP S/4HANA greenfield and rollout projects, with a primary focus on tax compliance.
- Act as the SAP Tax subject matter expert, providing guidance on tax processes and Digital Reporting Compliance (DRC).
- Configure and maintain SAP tax functionalities, including VAT, withholding tax, and digital tax reporting.
- Support the integration of SAP with Romanian government portals and statutory reporting platforms.
- Romanian Tax Localization
- Ensure SAP S/4HANA solutions comply with current Romanian tax and statutory requirements.
- Support the implementation and maintenance of e-Factura, SAF-T, and EU VAT/VIES requirements.
- Analyze regulatory changes and translate them into appropriate SAP system updates and processes.
- Business & Technical Collaboration
- Work closely with Finance, SD, MM, and technical/integration teams to ensure tax processes are correctly incorporated into end-to-end business processes.
- Collaborate with business stakeholders to define tax requirements and develop solutions aligned with both business needs and legal obligations.
- Provide expert advice on tax-related topics during SAP implementations and system rollouts.
- Testing, Support & Knowledge Transfer
- Develop and execute tax-related test scenarios and test cases.

Hiring organization

EasyDo Digital Technologies

Employment Type

Full-time, Contractor, Temporary

Duration of employment

1 year

Job Location

Mehedinti

Date posted

September 3, 2026

- Participate in UAT activities, issue analysis, and resolution.
- Provide training and knowledge transfer to key users and business teams.

Support ongoing tax-related incidents and requests using relevant ticketing tools

Qualifications

What we are looking for :

- **Strong hands-on knowledge of SAP S/4HANA Finance (FI) and SAP Tax functionality.**
- **At least 5 years of experience in SAP FI/Tax consulting.**
- Proven experience as a Romanian Tax Consultant, including:
- **2–3 SAP implementation projects**
- **1–2 SAP support projects**
- **Solid knowledge of Romanian tax legislation and applicable EU tax/VAT regulations.**
- Practical experience with SAP DRC (Digital Reporting Compliance) or equivalent third-party tax software capable of integrating with Romanian government portals.
- Experience with government portal integration and statutory tax reporting.
- **Ability to contribute to and manage end-to-end SAP implementations, including greenfield, brownfield, and migration projects.**
- **Previous experience with SAP S/4HANA rollouts involving Romanian tax localization.**
- **Strong English communication skills, both written and verbal.**
- Experience working with ticketing and incident-management platforms such as Remedy or ServiceNow.
- Education
- Bachelor's degree in Finance, Accounting, Information Technology, or a related discipline.
- Relevant SAP certifications or additional tax-related qualifications would be an advantage.
