This is a mid-management position, combining strategic financial control with operational oversight. The role is vital in maintaining financial transparency, preparing reports for the Board, ensuring regulatory compliance, and supporting overall business planning.

Responsibilities

Main responsibilities:

- **Financial Control & Planning:**
 - Track and monitor all incoming and outgoing financial flows, including revenue, invoicing, payables, and receivables
 - Prepare accurate and timely monthly, quarterly, and annual financial reports and dashboards
 - Coordinate with the external accounting services provider to ensure proper recording and reconciliation of transactions
 - Develop annual budgets and forecasts in collaboration with department heads and based on historical performance
 - Monitor budget execution, analyze variances, and recommend corrective actions
 - Prepare financial presentations and business reports for Board of Directors meetings
 - Ensure compliance with local financial regulations, tax laws, and internal policies
 - Support third-party financial audits and participate in audit-related discussions
 - Implement and maintain strong internal controls, processes, and documentation standards
 - Provide data-driven financial insights and analysis to support strategic decision-making
- **Operational Control:**
 - Oversee and track logistics-related financial operations, including flows from collection and delivery partners
 - Collaborate with the logistics coordinator to ensure timely and accurate reporting of operational data
